

# JOURNAL OF FOOD, AGRICULTURE & ENVIRONMENT

**WFL Publisher**  
Science & Technology

www.world-food.net

Vol. 1, No. 3&4

ISSN: 1459-0255

August-December 2003

## General Information

**Aims and Scope:** The Journal of Food, Agriculture & Environment publishes peer-reviewed original research, critical reviews and short communications on food science and technology, agriculture, animal science, human nutrition or human health, with particular emphasis on interdisciplinary studies that explore the intersection of food, agricultural, and the environmental. The journal also considers a limited number of relevant scholarly manuscripts addressing ethical or socioeconomic issues related to modern agricultural and environmental sciences. The Journal offers advertisement space for special announcements.

## Editorial office

**Director** : Ramdane Dris PhD.  
**Editor-in-Chief** : Shri Mohan Jain PhD.  
**Assistant Editor** : Dr. T. N. Shivananda  
Raina Niskanen PhD.  
Alisdair Mclean PhD.  
**Technical Assistants** : Mika Juhani Hirvonen  
Sonja-Maria Savolainen  
Päivi Pyötsiä, Aivo Blum  
**Address** : JFAE-Editorial Office,  
Meri-Rastilantie 3 C,  
FIN-00980 Helsinki, Finland

**Subscription:** Orders are accepted on a prepaid and calendar-year basis. Issues are sent by standard mail (surface within Europe, air delivery outside Europe). Priority rates are available upon request. Please find subscription rates and ordering details in detachable form included in every issue of the Journal, or request from the editorial office: (email:Editorial@world-food.net).

**Important Note:** If you are not a member of ISFAE yet, please visit our homepage: <http://www.isfae.org/member.php> and register to benefit from special rates when purchasing scientific journal, plus online ISFAE magazine or taking part in ISFAE meetings. Kindly contact ISFAE Secretariat at : [isfae@isfae.org](mailto:isfae@isfae.org)

**Abstracting:** JFAE is abstracted in Chemical Abstracts -CAS, Apic abstract, IIR Abstract and Fridoc database.

**Advertising:** Inquiries and correspondence regarding advertisements or announcements should be sent to Advertising Department, World Food Rd Ltd. Meri-Rastilantie 3 C, FIN-00980, Helsinki, Finland. Tel: +358 9 75 92 775 or +358 50 505 11 35, e-mail: [Advertisement@world-food.net](mailto:Advertisement@world-food.net) or [info@world-food.net](mailto:info@world-food.net)

**Book Proposal:** WFL Publisher invites scientists and experts to submit book proposal. We suggest that books are focused and of high-level (research and/or development level). For more details, contact WFL Publisher. (email:[publisher@world-food.net](mailto:publisher@world-food.net)).

**Copyright:** The articles published in this journal are protected by Copyright of World Food RD, WFL Publisher and the following terms and conditions apply to their use (<http://www.world-food.net/copyright.php>). All rights are reserved. **No part of this journal may be reproduced in any form without the written permission of the publisher.**

**Online information:** Table of contents, Abstracts, Advisory or Editorial Board listings, and Instructions to Authors regarding manuscript preparation or submission for publication can be accessed free of charge at [www.world-food.net/scientjourn.php](http://www.world-food.net/scientjourn.php).

**Authorization:** To photocopy items for subscribers grant personal use of a specific client. This consent does not extend the copying for general distribution, for advertising or promotional purposes, for creating new collective works or for other enquiries. In such cases, specific written permission must be obtained from the *WFL* publisher, Meri-Rastilantie 3 C, FIN-00980 Helsinki, Finland.

**Derivative Works:** Subscribers may reproduce tables of contents or prepare lists of articles including abstracts for internal circulation within their institutions. Permission of the *WFL* Publisher is required for resale or distribution outside the institution. Permission of the *WFL* Publisher is required for all other derivative works, including compilations and translations.

**Electronic Storage or Usage:** Permission of the *WFL* Publisher is required to store or use electronically any material contained in this journal, including any article or part of an article. Except as outlined above, no part of this publication may be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, mechanical, photocopying, recording or otherwise, without prior written permission of the *WFL* Publisher.

**Notice:** No responsibility is assumed by the World Food RD Ltd or the *WFL* Publisher or ISFAE for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions or ideas in the material herein. Although all advertising material is expected to conform to ethical standards, inclusion in this publication does not constitute a guarantee or endorsement of the quality or value of such product or of the claims made of it by its manufacturer.

## SUBSCRIPTION RATE

**The Print and/or Online journal of Food, Agriculture & Environment (JFAE)  
2004, Volume 2 (4 issues)**

*Print ISSN 1459-0255 / Online ISSN 1459-0263 .*

One-year subscription rate includes print, and/or online journal. The subscription cost is very low compared to many other International Journals. One-year membership of the Scientific Journal of Food, Agriculture & Environment (JFAE) will give you access to the print and/or online version of the Journal. For one-year subscription, subscribers will get 4 issues of the Print journal and/or access to the Online journal services (subscriber can read and download full articles).

Subscribers should send us by **fax or by email or by air mail** the order. Payment should be made either by foreign payment (all charge should be paid by customers) or by Credit Cards such as visa or master cards. (We neither accept cheques nor bank drafts). Only If you face serious problems in sending the payment, kindly contact us at: [Publisher@world-food.net](mailto:Publisher@world-food.net)

---

	Developed countries	Developing countries
<b>Institutional Rates</b>		
<b>Print Journal</b>	€400	€250
<b>Online Journal</b>	€380	€200
<b>Print Journal + Online Journal</b>	€500	€350
<b>Individual Rates</b>		
<b>Print and/or Online Journal</b>	€195 / 185	€120/110

---

*WFL* Publisher is willing to assist some libraries or departments from some developing countries in case they cannot afford to pay the full subscription fees. *WFL* Publisher is willing to make few exceptions to waive the subscription fees. Kindly contact us at: [Publisher@world-food.net](mailto:Publisher@world-food.net).

***WFL* Publisher offers 50% reduction (to each subscriber) plus some free announcements or advertisements if you invite 5 or more libraries or departments or individuals to subscribe the journal (JFAE).**

This scientific journal is published by *WFL* Publisher in Helsinki, Finland.

INTERNATIONAL SOCIETY OF FOOD, AGRICULTURE AND ENVIRONMENT

We welcome Donations or Sponsors

ISFAE EXECUTIVE SECRETARIAT

Meri-Rastilantie 3 C, 00980 Helsinki, Finland / email:isfae@isfae.org / web site: www.isfae.org

The International Society for Food, Agriculture and Environment–ISFAE- mission’s is to disseminate news and information and promote science, and technology. it provides consultant service to institutions, companies and organisations.

**Aim of ISFAE :** The aim of the **ISFAE** is to bring together scientists and professionals, to stimulate, and coordinate scientific or professional meetings, exhibitions and consultant service on an international scale.

**Membership and benefits :** ISFAE provides its members with a scholarly platform to share knowledge and information, develop information networks with colleagues who have similar interests and concerns. The main benefit of ISFAE membership is the receipt of its online journal ‘‘Agri-Food’’ *Research & News*’’ as well as an access to an extra site’’ *Reports & Thesis*’’ with a password supplied only after joining. Members of ISFAE who attend any scientific meeting held under the auspices of the ISFAE at reduced costs and receive conference proceeding or resulting books at discounted rates. ISFAE will arrange each year meetings on issues related to ‘‘Food, Agriculture or Environment’’, and will provide opportunities for private and public firms, companies, industries or institutes to exhibition their products or materials at its conferences. If you have not joined the ISFAE, now is your opportunity to be updated on current events and news. The annual ISFAE subscription rate is symbolic, to cover the technical costs. The **ISFAE** invites head of institution, head of department or decision makers to plan local, regional or international meetings or exhibitions. The ISFAE will disseminate the information, invites participants, guides organizers and contributors, and take charge of resulting publication and distribution of the ‘‘Agri-Food & Environment’’ proceeding series, or/and books. With the collaboration of *WFL* publisher we may plan a special JFAE number.

**We will offer 50% reduction (to each participant) to purchase the proceeding or the special journal issue.**

**ISFAE online journal accepts:** Popular articles, News and information about ongoing R&D projects, findings/achievements, methodology/ technology used in laboratories or fields, newsletters, forthcoming specific courses/lectures, news on meeting, conference workshop, important seminar, training programs or exchange visits, opinions and views, nominations, summary of reports, thesis, events, meetings, instructions and recommendations to farmers/growers, job announcements and employment opportunities, advertisements. For more details please contact:isfae@isfae.org

**Subscription Rate:** Basic fee plus online journal Agri-Food ‘‘*Research & News*’’ ISSN: 1459-2029, 2003, Volume 1 (4-8 issues)+extra site ‘‘Report & Thesis’’ and a free access to a Discussion Form. **There is 50% reduction in ISFAE membership if you invite 5 or more libraries or department or individuals to join ISFAE. Special rates for students and members from developing countries are considered.**

	Institutions	Individuals	Students*
1.Europe; N.America, Australia	€120	€60	€ 30
Japan, Korea, Gulf State, N. Zealand, S.Africa			
2. Rest of the world	€60	€40	€20

Students\*: Identification is needed when subscribing (to be send by air mail with the signed application form and payment documents).

**ISFAE membership application :** Fill out all fields in BLOCK PRINT and PLEASE make sure to include the payment or signed copy of the payment to the ISFAE-Executive Secretariat along with this application and return to: ISFAE-Executive Secretariat, Meri-Rastilantie 3 C, 00980 Helsinki, Finland.

***We Welcome Sponsors and Donations***  
**A Message From the Executive Committee**

Kindly inform us of Foundations, Organisations, Companies, Institutions or Individuals to support ISFAE's journals or meetings.  
*Thank you!*

Welcome to the International Society of Food, Agriculture and Environment (ISFAE). The value of a professional society such as ours is primarily in the networking opportunities it can provide. Successful networking requires active participation by the members and leadership in organizing networking/interactive events. Since ISFAE is a newly established multidisciplinary society, its success fully depends on our ability to attract and retain members.

The Executive Secretariat of ISFAE, led by an *Executive Committee and a Secretary General*, which has already created core structures that provide a solid foundation for the Society to flourish and bring members from different corners of the world under its umbrella in the future. The Society now has an impressive web presence ([www.isfae.org](http://www.isfae.org)) and its own scientific journal (the Journal of Food, Agriculture & Environment) as well as a popular Online journal Agri-Food "Research & News" plus a Forum for discussion (Register For Free). We also provide consultant service to farmers/growers, institutions or companies.

To make the ISFAE strong and popular, and give the momentum it deserves, all of us ought to participate in some of the following ways:

- Providing leadership in arranging self-funded local, national and international conferences, symposia, workshops, lectures and/or exhibitions under the auspices of ISFAE.
- Contributing quality manuscripts to our Scientific Journal JFAE (<http://www.isfae.org/scientjourn.php>) or (Popular Online Journal <http://www.isfae.org/isfaemail.php>) and encouraging others to do so.
- Promoting ISFAE as a whole, and its different sections, Food, Agriculture and Environment, at conferences, lectures, relevant magazines, journals, network or news papers and within your institutions or associations, to encourage growth in membership.

**We appreciate if you can make interviews in local magazines or journals to inform about the importance of ISFAE and the need of the journal. For more details, kindly contact us at [isfae@isfae.org](mailto:isfae@isfae.org)**

Contact information for all the officers of the section and its various divisions are available at the ISFAE website or contact:

- Secretary General: Ramdane Dris PhD, [isfae@isfae.org](mailto:isfae@isfae.org) / [Dris.UH@a1netti.com](mailto:Dris.UH@a1netti.com)
- Section Food & Health :Chairman, Prof. Ashok Pandey, [pandey@csrrltd.ren.nic.in](mailto:pandey@csrrltd.ren.nic.in) / [ashokpandey56@yahoo.co.in](mailto:ashokpandey56@yahoo.co.in)
- Section Agriculture: Chairman, Prof. Jerry Nowak, [jenowak@vt.edu](mailto:jenowak@vt.edu)
- Section Environment: Chairman, Hari Pant PhD, [hari@mail.ifas.ufl.edu](mailto:hari@mail.ifas.ufl.edu)

The promotion of ISFAE is important for all of us. Therefore, we ask that we all consider disseminating the contents of this message through our institutional networks, relevant magazines and journals, or other working groups or professional associations in which we participate. Please communicate with the Secretariat or the Section / Sub-Section Chairs with suggestions on topical issues that could be the focus of possible future conferences and be prepared to play a leading role in managing such events.

We look forward to your full support and strong leadership in achieving a vibrant performance for our Society in the days ahead.

*The Secretary General & The Executive Committee  
Society of Food, Agriculture and Environment-ISFAE*

***Membership fees in ISFAE is reduced by 50 percents if you invite 5 or more libraries or departments or individuals to join ISFAE.  
Kindly contact us at: [isfae@isfae.org](mailto:isfae@isfae.org)***

## **Preface**

Research on Food and Agriculture is progressively moving towards an interdisciplinary study of sustainable food production to meet the demand of growing human populations. However, as more countries industrialize, there is an increase in air and water pollution, soil contamination, as well as elevated levels of global warming and depletion of the ozone layer. This complex scenario challenges researchers to develop and test more appropriate technologies for sustainable agriculture. Research, for example, is being carried out to overcome problems of environmental stress, minimize the use of pesticides, slow post-harvest storage losses, and explore nutrition, animal science and human nutrition or human health, by using conventional and new technologies such as biotechnology, mutation-assisted breeding and molecular biology.

The Journal of Food, Agriculture, and Environment (JFAE) is dedicated to meeting the need for a new journal that can encompass this wide range of topics and interdisciplinary approaches. JFAE will publish (in print and on-line versions) peer-reviewed original research, protocols, critical reviews or short communications in food science and technology, and agriculture or environment, with particular emphasis on interdisciplinary studies on food, human nutrition, agricultural, animal science or/and environment. For advice or more information, please contact the editorial Office.

**JFAE:** You are cordially invited to contribute to our new journal manuscripts on original research work or critical reviews in food science, human nutrition, agriculture or environment. The journal also considers manuscripts on biotechnology, ethical and socioeconomic issues related to modern agricultural and environmental sciences.

**ISFAE:** The ISFAE invites heads of institutions, heads of departments or decision makers to plan local, regional or international scientific meetings or exhibitions. The ISFAE will disseminate the information, invites participants, guides organizers and contributors, and take charge of resulting publication. For more details email to: [isfae@isfae.org](mailto:isfae@isfae.org)

**WFL Publisher offers 50% reduction (to each subscriber) plus some free announcements or advertisements if you invite 5 or more libraries or departments or individuals to subscribe the journal JFAE Kindly contact us at: [Publisher@world-food.net](mailto:Publisher@world-food.net).**

## Food and Health

### Laboratory standardization of procedure for the preparation of Zou-A fermented beverage made from rice

*Chamgongliu Panmei, Satyendra Gautam, Prasad S. Variyar, G. A. Shantibala Devi and Arun Sharma* 10

### Yield, nutrient content and physico-chemical and organoleptic properties in green bean are affected by N:K ratios

*E. M. Khah and I. S. Arvanitoyannis* 17

### LabView implementation of an ultrasound system for foreign body detection in food products

*Y. Jiang, B. Zhao, O. A. Basir and G. S. Mittal* 27

### A simple and rapid method for isolation of DNA from imbibed embryos of *Parkia timoriana* (DC.) Merr. for PCR analysis

*Robert Thangjam, Damayanti Maibam and Jitendra G. Sharma* 36

### The yield of isothiocyanates in wasabi rhizomes stored at different temperatures

*Tamanna Sultana, Geoffrey P. Savage, David L. McNeil and Noel G. Porter* 39

### Detection of genetic diversity in *Parkia timoriana* (DC.) Merr. using randomly amplified polymorphic DNA analysis

*Robert Thangjam, Damayanti Maibam and Jitendra G. Sharma* 46

### Pre- and postharvest fiber development in green asparagus as related to temperature during growth, storage and handling

*Pankaj Kumar Bhowmik, Toshiyuki Matsui, Haruo Suzuki, Yusuke Kosugi, A.K.M. Shameem Alam and Fabio Gimena Enriquez* 50

### Novel dextrans as potential prebiotics

*Maciej Fiedorowicz, Gohar Chaczatrian, Janusz Kapusniak, Przemyslaw Jan Tomasik and Piotr Tomasik* 54

### Lipase-catalyzed synthesis of isoamyl acetate in free-solvent media- optimization using a central composite design

*Gabriela A. Macedo, Gláucia M. Pastore and Maria I. Rodrigues* 59

### Evaluation of the nutritional status of adolescents in institutionalised secondary schools in Akura, Nigeria

*O. S. Ijarotimi, A. F. Eleyinmi and B.O.T. Ifesan* 64

### Effect of fortified flour with ferrous sulfate alone and with Na<sub>2</sub>EDTA on iron deficiency anemia and serum zinc

*Fallahi Ebrahim, Kimiagar Masoud, Valaei Naser and Abbasi Soleiman* 69

### Effect of germination on the nutritional and functional properties of African oil bean (*Pentaclethra macrophylla* Benth) seed flour

*Victor N. Enujiugha, Adebajo A. Badejo, Samuel O. Iyiola, and Matthew O. Oluwamukomi* 72

### Nutritional requirements and amino acids utilization by lactic acid bacteria from wine -A short review

*Maria C. Manca de Nadra, Mario E. Arena and Fabiana M. Saguir* 76

### Variability of sugar content in potato varieties suitable for processing

*Norbert U. Haase and Lydia Weber* 80

### The use of starch and its derivatives as biopolymer sources of packaging materials

*Jianmin Fang and Paul Fowler* 82

### Studies on the microbial population of bread baked with wheat flour from south western Nigeria

*A. O. Ogundare and F. C. Adetuyi* 85

### Some aspects of metabolism of phenolics in carrot root slices

*Bozena Stodolak, Maria Leja and Anna Mareczek* 88

### Technology transfer for humanitarian use: economic issues and market segmentation approaches

*Travis J. Lybbert* 95

### Effect of substitution of acha for maize on the growth and economic performance of *Oreochromis niloticus*

*Nwanna L.C., O.A. Fagbenro and O.L. Kehinde* 100

### Comparative study on the interrelation between flavor related parameters of different onion cultivars (*Allium cepa* L.) and their applicability to forecasting onion oil yield

*Jörg Resemann and Reinhold Carle* 104

## Agriculture

### Protoplast isolation, culture and application to genetic improvement of woody plants

*Jihong Liu, Xiaoyong Xu and Xiuxin Deng* 112

### Effect of manure on retention by soil profile and uptake by soybean (*Glycine max* L. Merrill) – wheat (*Triticum aestivum* L.) crops of applied sulphur in a Vertisol in central India

*Jayanta Kumar Saha* 121

### Changes in photosynthetic biomass accumulation, auxin and ethylene level following defoliation in *Brassica juncea*

*N.A. Khan* 125
