Vol. 5, No. 1

ISSN: 1459-0255

January 2007

General Information

Aims and Scope: The Journal of Food, Agriculture & Environment publishes peer-reviewed original research, critical reviews and short communications on food science and technology, agriculture, animal science, human nutrition or human health, with particular emphasis on interdisciplinary studies that explore the intersection of food, agriculture, and the environment. The journal also considers a limited number of relevant scholarly manuscripts addressing ethical or socioeconomic issues related to modern agricultural and environmental sciences. The journal offers advertisement space for special announcements.

Subscription: Orders are accepted on a prepaid and calendar-year basis. Issues are sent by standard mail (surface within Europe, air delivery outside Europe). Priority rates are available upon request. Please find subscription rates and ordering details in detachable form included in this issue of the Journal, or request from the office: (info@world-food.net).

Important Note: If you are not a member of ISFAE yet, please visit our homepage: <http://www.isfae.org> and register to benefit from special rates when purchasing scientific journal, plus access to online journals or to benefit of some free services. Kindly contact ISFAE Secretariat at: isfae@isfae.org

Abstracting: JFAE is abstracted in Current Contents, Chemical Abstracts - CAS, Scirus Elsevier, Med Bioworld, Index Copernicus, IFIS, FSTA, CABI, FAO-Agris-Caris and under process with Pascal Database and CSA.

Advertising: Inquiries and correspondence regarding advertisements or announcements should be sent to World Food RD Ltd. Meri-Rastilantie 3 C, FI-00980, Helsinki, Finland. Tel: +358 9 75 92 775 or +358 50 505 11 35, e-mail: info@world-food.net

Book Proposal: *WFL* Publisher invites scientists and experts to submit book proposals. We suggest that books are focused and of high-level (research and/or development level). For more details, contact *WFL* Publisher (email: info@world-food.net).

SUBSCRIPTION RATE

The Print and/or Online Journal of Food, Agriculture & Environment (JFAE)

2007, Volume 5 (4 issues)

Print ISSN 1459-0255 / Online ISSN 1459-0263

One-year subscription rate includes print and/or online journal. The subscription cost (**includes handling, postage, parcels, and alv**), is low compared to many other international journals. One-year membership of the scientific Journal of Food, Agriculture & Environment (JFAE) will give you access to the print and/or online version of the Journal. For one-year subscription, subscribers will get 4 issues of the print journal and/or access to the online journal services (subscriber can read and download full articles).

Subscribers should send us by **fax or by email or by air mail** the order. Payment should be made either by foreign payment (all charge should be paid by customers) or by Credit Cards such as visa or master cards (for cheques or bank drafts, 20 euro should be added as bank charges). Only if you face problems in sending the payment, kindly contact us at: info@world-food.net

Research on Food and Agriculture is progressively moving towards an interdisciplinary study of sustainable food production to meet the demand of growing human populations. However, as more countries industrialize, there is an increase in air and water pollution, soil contamination, as well as elevated levels of global warming and depletion of the ozone layer. This complex scenario challenges researchers to develop and test more appropriate technologies for sustainable agriculture. Research, for example, is being carried out to overcome problems of environmental stress, minimize the use of pesticides, slow post-harvest storage losses, and explore nutrition, animal science and human nutrition or human health, by using conventional and new technologies such as biotechnology, mutation-assisted breeding and molecular biology.

The Journal of Food, Agriculture and Environment (JFAE) is dedicated to meet the need for a new journal that can encompass this wide range of topics and interdisciplinary approaches. JFAE will publish (in print and on-line versions) peer-reviewed original research, protocols, critical reviews or short communications in food science and technology, and agriculture or environment, with particular emphasis on interdisciplinary studies on food, human nutrition, agricultural and animal science or/and environment. For advice or more information, please contact the editorial Office.

The members of the International Society of Food, Agriculture and Environment - ISFAE will receive JFAE at the reduced rate. For more information, kindly visit our website: www.isfae.org or contact the ISFAE- Secretariat.

JFAE: You are cordially invited to contribute to this scientific journal of Food, Agriculture & Environment (JFAE) manuscripts on original research work or critical reviews in food science, human nutrition, agriculture or environment. The journal also considers manuscripts on biotechnology, ethical and socioeconomic issues related to modern agricultural and environmental sciences. This journal accepts summary of meetings, thesis, scientific reports, ongoing projects, job offers, advertisements or announcements. If you have any comments and feedback towards the successful development of this journal, please do not hesitate to let us know. Your input will be highly welcome and appreciated.

ISFAE: The scientific society ISFAE invites heads of institutions, heads of departments or decision makers to organize scientific meetings, seminars or exhibitions. ISFAE will disseminate the information, invites participants, guides organizers and contributors, and take charge of resulting publication. For more details email to: isfae@isfae.org
